Other \_\_\_\_\_

Save the Kitties is not responsible for any cat related injuries caused by the cats in our care. This means that if you are were to be bit or scratched while working with the cats/kittens we will not be held responsible for said injuries. All of our cats and kittens have age appropriate vaccines which means younger cats are not fully vaccinated.. Please understand you are choosing to play with cats at your own will, and cats can get mad very easily if played with too rough which can lead to them to scratch or bite.

I understand that Save the Kitties BHELP is not responsible for any injury caused to me by the cats in their care while I choosing to volunteer.
